Prepared by BOQ Specialist, a division of Bank of Queensland Limited (BOQ) ABN 32 009 656 740 Australian Credit Licence and AFSL 244616, the issuer of this product.

What is a Target Market Determination?

A Target Market Determination (TMD) describes:

- the class of customers that comprise the Target Market for the product
- any conditions or restrictions on how the product is distributed to retail customers
- events or circumstances where we will review the TMD for the product.

Why does BOQ Specialist need to make this TMD publicly available?

We are required to produce this TMD by law. The law is intended to help customers obtain appropriate financial products by requiring issuers and distributors to have a customer centric approach to the design and distribution of products.

This document is not a substitute for the product's terms and conditions or other disclosure documents. Customers must refer to these documents when making a decision about this product. These documents can be found on our website or you can obtain a copy upon request.

The TMD will undergo a periodic review as follows:

| At least two years from when this TMD was made and then every two years thereafter |

Target Market

The Target Market for this product is customers who have surplus foreign currency and are looking for a safe place to grow their savings.

These customers are likely to have the following objectives, needs and financial situation and must meet the eligibility criteria for this product.

Objectives

The customers' likely objective is a safe place to keep their foreign currency in an interest-bearing savings account without being locked into a fixed term.

Needs

The customers' likely need is a product that enables their objective of earning interest on their foreign currency deposit. This may include:

- a secure place to deposit foreign currency funds with access to the account at any time
- a dedicated interest-bearing foreign currency savings account
- basic investment with the customer exposed to foreign currency exchange risk.

This product may not be suitable for customers who are likely to require branch access to make withdrawals.

Financial situation

This product is suited to customers who

- have a wide range of financial situations
- have surplus foreign cash
- can tolerate any potential loss of AUD equivalent value of their deposit due to adverse movements in exchange rates.

Eligibility criteria for this product

Customers must satisfy the following criteria to acquire this product:

Why the product is likely to be consistent with the likely objectives, needs and financial situation of the Target Market

The product's attributes are designed to support the Target Market's objectives, needs and financial situation. The customer's need to earn interest on their deposit can be met by the interest rate offered by this account which can assist the customers achieve their objective.

Distribution conditions

This product can be distributed through:

- staff-assisted channels through BOQ Specialist bankers
- accredited third party financial advisers and platforms.

When this product is distributed to retail customers, it must be distributed in accordance with BOQ Specialist's customer acceptance requirements.

Why the distribution conditions will make it likely that the customers who acquire the product are in the Target Market

BOQ Specialist considers that the distribution conditions and restrictions support BOQ Specialist's assessment that the product will likely be distributed to the Target Market because of the following key controls:

- appropriate training of staff to ensure adequate understanding of product features and aligning this to the customer's need
- customers satisfying BOQ Specialist's eligibility requirements
- quality assurance to monitor compliance with customer on-boarding and account origination processes
- third party advisers involved in the distribution of the product must take reasonable steps to ensure requirements are met and adhere to agreement in place with BOQ Specialist.

Review triggers

We will review this TMD if any of the following trigger events and information being monitored reasonably suggest that the TMD may no longer be appropriate:

- There is an increase in complaints received in relation to the product and its features that exceeds internally set tolerances
- we identify a material adverse customer experience in relation to product appropriateness
- there is a material change to the product attributes, fees, charges, terms and conditions or the manner of distribution
- there is a Significant Dealing in this product which is inconsistent with the Target Market.
